Brother Ali Nasser and his accompanying delegation arrived at Bahrain this afternoon on an official and mutual and brotherly visit to it. In a press statement made following his arrival at the airport, Brother Ali Nasser said: it is to my pleasure to pay an official and mutual visit to the sister State of Bahrain in response to the invitation received by us from Brother Sheikh ISSA bin Salman al-Khalifa, Ruler of the State of Bahrain. It is the first visit at this level to the sister State of Bahrain and is taking place under Arab and international circumstances featured by complications especially after the declaration of the strategic alliance between the United States and Israel and the bombing by the Zionist enemy of the Iraqi nuclear reactor, and the despatch by the new American Administration of military forces to the Middle East area under the slogan of staging joint military manoeuvres. It became necessary that active political movement is undertaken by all states which value the cause of security, stability and national sovereignty for standing against expansion and spread of the dangers resulting from the American military presence in the area which is hostile to our Arab peoples. We wish to point here that our country followed with deep anxiety the reports on the flight of Zionist aircraft on the air space of the Saudi Arabian Kingdom which is regarded as a serious sign that must be confronted with firmness on the consideration that it constitutes danger not only to the Saudi Arabian Kingdom but to all countries of the Arab area.

.....13/.....

ALI NASSER IN BAHRAIN - Cont'd.

Our country, at a time in which it condemns the new zionist incursion against the sovereignty of the Saudi Arabian Kingdom, sees it necessary to adopt serious collective Arab stands against anyone threatening the security and sovereignty of the peoples of our Arab nation and encourages the zionist enemy to continue his insolence.

During this visit of ours, which is regarded as extension for the visits made by us to the countries of the Gulf and Peninsula area, we will have consultations with our brethren on issues that concern establishment of the panels of stability and confrontation of the dangers of threats by America of interference in the affairs of our country because the security and stability of all countries of the area is part and parcel and any threat against the security of any country is a threat to all. This visit would give us the chance to have talks with our brother leaders in the State of Bahrain topped by His Highness Sheikh Issa bin Salman al-Khalifa, on issues of brotherly cooperation between our Yemeni people and the brotherly Bahraini people. We are confident that the development of the bilateral relations between our two countries responds with the hopes and wishes of our two peoples and countries and would contribute in the consolidation of stability and cooperation between the countries of the area on the basis of mutual respect and equal relations. There are brotherly bonds and historical ties between our Yemeni people and the brotherly Bahraini people who have joint history and civilisation that will pave the way for them to continue the consolidation of their brotherly relations on the basis of mutual benefit and joint interests. We are confident that our talks will be reigned by an atmosphere of brotherhood and would lead to positive results serving our two brotherly peoples and the peoples of our Arab nation. I wish to seize this opportunity to greet in the name of our Yemeni people the brotherly people in the State of Bahrain and wished them from the bottom of my heart further successes for its development, progress and welfare.

Comrade Ali Nasser Mohammad ended an official and mutual visit to the Bulgarian People's Republic ending by that a tour of a number of socialist countries including the Hungarian People's Republic, the German Democratic Republic and People's Bulgaria after ending his official visit to the sister State of Kuwait. necessity of confronting the plans and plots of imperialism, reaction and zionism which aim at planting and using military aggressive bases and establishing suspected pacts. On the other side we agreed on the importance of expanding and deepening the relations of cooperation and friendship between our two parties peoples and two friendly countries under the wide horizons of our forthcoming development. The standard reached by the comradely relations existing between PDRY and the Bulgarian People's Republic confirm that our joint friendship and cooperation is emanating from the deeply-rooted friendship which widen the mutual interests of the Yemeni and Bulgarian people. I repeat my thanks and deep gratitude to the leaders and people of Bulgaria topped by friend Comrade Todor Zhivkov for the hospitality and gestures of mutuality and friendship with which we were surrounded during our visit which opened wide and extensive horizons for complete coordination and cooperation between our two parties and peoples of our two countries.
